

"To provide educational materials, conduct workshops, and meetings about rocks & minerals and their use and value associated with Missouri and its mining community."

July 25, 2006

Fabick Cat
Gary Balkenbusch
Fenton, MO 63026

Dear Gary,

Thank you for supporting the 2006 Teachers Mineral Education workshop.

This year's workshop was held at the St. Louis Community College Meramec-Campus and like the workshops of years past it was a great success!

Find enclosed a summary of evaluations and some pictures of just a few of the activities enjoyed by the teachers.

Again, thank you for your generosity and support of this workshop, your effort has ensured a successful and rewarding experience for Missouri teachers and the Missouri mining industry.

Sincerely,

A handwritten signature in blue ink that reads "Vic Nahlik". The signature is written in a cursive, flowing style.

Vic Nahlik
