**Fabick CAT: Official Supplier of Terex|O&K Hydraulic Mining Excavators**

On June 5, 2006, Fabick CAT became an official supplier of Terex|O&K Hydraulic Mining Excavators. Effective immediately, these machines will be available at all Fabick CAT locations. Due to size, these excavators will be custom built per each customer order.

Fabick CAT will supply the RH40 to RH 400 model sizes in conjunction with their current line of Caterpillar excavators. The Terex|O&K territory will include the identical territory for which Fabick provides Caterpillar equipment.

Terex|O&K Hydraulic Mining Excavators feature patented TriPower technology for increased digging forces and greater productivity. The 1000 ton RH400 is the world's largest hydraulic excavator with recorded bucket payloads of up to 100 tons.

Fabick CAT, headquartered in Fenton, Missouri, is the authorized dealer of Caterpillar equipment, prime and stand-by power systems, parts and service, compact construction, rental, and pipeline equipment for 99 counties in mid and southern Missouri and southern Illinois. Other branch locations include Jefferson City, Columbia, Springfield, Joplin, West Plains, Cape Girardeau and Foristell, Missouri, Salem, Marion and Metropolis, Illinois.
