

# PURE CONFIDENCE

## 2007 Cat® On-Highway Engines

### Pure Confidence Program

#### Extended Service Coverage (ESC)

ESC covers 100% of parts and labor cost for repair of covered engine components and covered emission components.

- C15, C13 & C9: 3 years/300,000 miles
- C7: 3 years/150,000 miles

#### Cat On-Time Promise

If your engine is down for warrantable repair more than 24 hours during 2007, Caterpillar will reimburse you for a rental truck to deliver your load.

Valid on 2007 Cat C15, C13, C9 and C7 engines delivered to customers for commercial service between now and June 30, 2007. Some restrictions apply.

## Pure Confidence ESC and On-Time Promise Program Eligibility

New 2007 engine models factory installed in a new truck delivered to "End Users" between now and June 30, 2007 in US or Canada for commercial on-highway service. This program will apply to 2007 EPA-certified engines with CRS, CGI & DPF, as identified by serial number. On-Time Promise coverage period: Jan. 1, 2007 – Dec. 31, 2007.

*Pure Confidence Program Excludes:*

- 2006 or earlier models delivered in 2007
- Recreational vehicles
- Buses
- Fire and emergency vehicles
- Personal-use specialty vehicles
- Short term/daily rental units

## What's Covered Under the Pure Confidence Program

The Pure Confidence Program includes Extended Service Coverage (ESC) Plus, the Cat® Regeneration System (CRS), the Diesel Particulate Filter (DPF) and the Cat On-Time Promise.

### ESC Plus

ESC Plus provides 100% of parts and labor charges (less any deductible) for covered repairs due to defects in materials and factory workmanship.

ESC Plus provides coverage on the following list of components:

#### Air Induction and Exhaust Group

- Exhaust Manifolds, Studs & Gaskets
- Air Inlet Heater & Relay
- Pre-Cooler (Turbocharger)
- Coolant Diverter Valve or assembly
- Intake Manifold

#### Cylinder Head Group

- Cylinder Head Casting
- Cylinder Head Bolts, Gasket, Freeze Plug
- Injector Sleeves & Sleeve Seals
- Exhaust Sleeves
- Intake/Exhaust Valves (includes seats, seals, spring, insert, guide, rotocoil, retainer)
- Valve Mechanism (includes rocker arm, roller followers, brackets, bridges, dowels, adjusting screws, nuts, shaft & push tubes)
- Valve Cover & Base
- Camshaft
- Camshaft Bearings, Gear, Key
- Camshaft Rear Cover/Seal
- Variable Valve Actuator (VVA) Assembly

### Lubrication System

- Oil Pan
- Oil Pump
- Oil Cooler Housing
- Oil Cooler Core, Bonnet
- Oil Filter Base
- HEUI™ High Pressure Lines, Pump & Injector Actuation Pressure Control Valve

### Cooling System

- Thermostat Housing and Cover
- Water Pump Housing
- Water Manifold Housing

### Electronic System

- Control Module (ECM)
- Sensors (all engine sensors)
- Engine Oil Rail (EOR) Valve

### Clean Gas Induction (CGI)

- CGI Valve
- CGI Solenoid
- CGI Actuator
- CGI Valve Housing

### Short Block Group

- Cylinder Block (casting)
- Freeze Plug
- Crankshaft
- Bearings (crankshaft, main, thrust)
- Connecting Rod Assembly
- Piston Assembly (includes wrist pin, retainer clip, rings)
- Piston Cooling Jet
- Cylinder Liner, Seals, Filler Band
- Main Bearing Cap Bolt

### Front and Rear Cover Group

- Front Cover/Housing/Plate/Gears (and gaskets)
- Subshaft (idler shaft on 3126E & C7)
- Flywheel Housing
- Flywheel Housing Gasket
- Vibration Damper

### Miscellaneous Items

- Cat Compression Brake
- Broken Nuts and Bolts attaching a covered component (torque is not covered)

### Pure Confidence gives you coverage on the following Cat Regeneration System (CRS) and Diesel Particulate Filter (DPF) components.

Note: The CRS and DPF are covered for a "mechanical breakdown" under normal use during the "coverage period" due to a defect in material or factory workmanship.

### Cat Regeneration System (CRS)

- CRS Combustion Air Valve
- CRS Fuel Control Valve
- CRS Combustor Head/Swirl Plate
- CRS Head Temp Sensor
- CRS Spark Plug Coil
- CRS Fuel Pressure Sensors
- CRS Combustor Body
- CRS Combustor Tube

### Diesel Particulate Filter (DPF)

- All as-shipped DPF components with Cat Inc. part number

## Pure Confidence On-Time Coverage Program Rules

If your 2007 Caterpillar engine is down for Caterpillar warrantable repair for more than 24 hours, Caterpillar will reimburse End Users for rental costs of another truck to haul the load. Standard Warranty will apply first. Towing: Standard Warranty rules apply. Diagnosis/Repair to be performed by a Caterpillar Authorized full service Dealer. The 24-hour clock begins when Caterpillar Authorized full service Dealer meets all of the following requirements:

- Opens work order, and
- Assigns technician, and
- Begins repair

The 24 hours excludes waiting time to schedule for service, waiting time due to not ordering parts and waiting time while technician contacts Caterpillar for technical direction before beginning repairs.

## Repair & Reimbursement Process

When a truck is down for Caterpillar warrantable repair, the End User goes to a Caterpillar Authorized full service Dealer for repair. The End User pays truck rental costs and retains receipts for reimbursement submission. Cat Dealer prints On-Time Promise REBATE form once repair is completed. Dealer and End User complete required fields. Dealer provides a copy to End User and faxes a copy to Caterpillar. The End User mails a copy of the completed REBATE form, along with required rental receipts, to Caterpillar for reimbursement. Caterpillar will review claim for program eligibility. If approved, Caterpillar will reimburse the End User for reasonable and customary daily base rental charges not to exceed USD \$150 per day.

- C7: up to 3 days
- Day cabs/vocational applications: up to 3 days
- C9, C13, C15: up to 5 days

*For complete ESC coverage details, refer to the ESC contract LEET4843-05 effective January 1, 2007 and subject to change without notice.*

*Dealers can access the REBATE form online at [truck.cat.com/pureconfidence](http://truck.cat.com/pureconfidence).*
