

Fabick Cat Customer Value Agreements

Delivered Parts | Connected Insights | Single Monthly Payment for Equipment & Maintenance

Customer Value Agreements (CVAs) help keep your Cat® machine easy to own and ready to work with hassle-free maintenance. A CVA from Fabick Cat combines scheduled service, routine replacement parts, equipment inspections and machine health monitoring in one agreement that can be included as part of your monthly payment on new machines. With a CVA scheduling your planned maintenance around how you work, you'll find it's never been easier to own Cat equipment. The right Fabick Cat CVA can even extend the life of your machine and give your operation more up time.

WHAT TO **EXPECT** FROM YOUR FABICK CAT CVA OPTIONS

We offer two types of CVA based on who will perform your planned maintenance. If you are comfortable performing service on your own, you can take advantage of our **DO IT YOURSELF** option. This agreement includes only self-service Fabick Cat CVA PM Kits, with parts instructions to make it easy. Does performing your own service make you nervous? Take advantage of a **DO IT FOR ME** option. Our certified-service options include Fabick Cat CVA PM kits with Genuine Cat® Parts and comprehensive inspections. It's your completely hassle-free experience – **everything your equipment needs, where and when you need it.**

With levels based on lifetime hours, there's a CVA from Fabick Cat that's right for any operation. Regardless of your choice in service level, all agreement options come with productivity solutions and dealer support to help you get the most out of your machine:

01 THE PARTS YOU NEED

- Fabick Cat CVA PM Kit(s) with Genuine Cat® Parts come standard with every agreement.
- PM Kits include S•O•SSM Oil Sampling to detect early signs of potential problems or abnormal wear.

02 SERVICES YOU WANT

- Fabick Cat is here to help with service reminders and expert insights on your equipment and parts.
- Experience planned maintenance on your terms: you can do it yourself or have Fabick Cat do all the work.

03 THERE'S AN APP FOR THAT

- My.Cat.com gives you real-time access to equipment data with 24/7 asset monitoring and machine information to help you optimize your operation.
- Use the Cat Inspect app to easily download inspection forms, complete inspections and share results.

04 WE MAKE IT EASY

- One fixed payment keeps your planned maintenance costs predictable and stress-free.
- CVAs are eligible to be included as part of your monthly machine payment on new equipment.

Find the Right Option for Your Operation

Fabick Cat understands that every business is different. All of our CVAs for building and construction equipment provide what you need, when you need it. That's better maintenance and fewer trips to the parts shop. We have a CVA for everyone with a variety of options to meet the needs of your operation.
